

# Irrigation/Bipolar Cord Set

For Malis Systems CMC-II and CMC-III

## Superior Performance

This lightweight, double-insulated tubing set provides an irrigation tube and a bipolar cord in one easy-to-handle unit.

The **double-insulated** bipolar cord provides added protection to patients and surgical staff. A proprietary OD finish and lightweight material help alleviate fatigue and ensures easier manipulation. Our innovative drip chamber and roller clamp system provide controlled fluid delivery.

## Compatible

Guaranteed compatible with Malis CMC-II and CMC-III I.E.C. Irrigation Modules.
